COCKTAILS

LATIN FASHION

The Thief's special twist on the Old-fashioned cocktail. Ours is beautifully presented with a large lump of crystal ice; Zacapa 23 aged rum, 2 dashes of dark chocolate and a small spoon of Italian bitters.

MASTER HENDRICKS

Anybody who knows anything about cocktails will tell you that cucumber and pepper are a match made in heaven. So with that in mind, we shake up Hendrick's gin, Martini Rosato, freshly squeezed lemon juice, muddled cucumber and black pepper. We throw in a little cocktail magic to make this drink look amazing, with a white foamy head presented in a frozen coupette glass.

NORTHERN LIGHT

A large measure of Norwegian Linie Aquavit is thrown together with orange cognac and citrus juices. We spice it up with chunks of fresh ginger and juniper, then double strain all the "bits and bobs" to leave you with one of the most delicious, locally inspired drink you will ever taste.

Cocktails are only available when the bar is open. Please contact Room Service if you are looking for specific items not listed above. We will gladly work with you to customize a cocktail package to fit your needs.

Inspired by the history and metropolises of the world, the cocktails of THIEF BAR have all been transformed into something unique. Every cocktail has its own story, so come, taste and enjoy.

RESTAURANTS

FRU K is THE THIEF's restaurant for more exquisite meals. Head Chef Johan Laursen, formerly based at Maaemo (Oslo), takes the very best from Norwegian and Scandinavian gastronomic traditions and combines them with new elements, inspired by the era we live in and the world that surrounds us. The key to Fru K's kitchen is locally sourced foods. Our menus of three, five and seven courses change by the season, accompanied by wine menus composed by our sommelier Claire Mariottini, who has worked at a number of international Michelin restaurants. Based on her vast knowledge and deep passion for wine, she will select the finest wine in accordance with the occasion, the wishes and budget of the guest. Fru K has a wide selection of wine by the glass in a range of prices. Restaurant Manager Haakon Sand, formerly of The Savoy's River Restaurant (London), bids you welcome to the exclusive and elegant surroundings, which include the option of a private dining room. THE THIEF

A little island, a whole ocean of experiences. With Oslo's most spectacular location THE THIEF steals its guests away from everyday life.

Timeless elegance with clear references to contemporary art and design is the common denominator for **THIEF FURNISHING**. International and Norwegian designers such as Antonio Citterio, Bruno Rainaldi, Tom Dixon, Anne Haavind and StokkeAustad are behind the furniture and decor. The hotel's own art curator has hand-picked art for every single room and suite from the THIEF ART collection.

TJUVHOLMEN the city district which was once home to criminals and shady dealings is now a power centre for contemporary art and good city living at the water's edge.

INTERNATIONAL calibre restaurants, cosy eateries and high-quality galleries sit side by side in pedestrianised streets and squares. And the Astrup Fearnley Museum designed by Italian star architect Renzo Piano, is the hotel's nearest neighbour.

THE THIEF reflects its surroundings. From the balcony you can enjoy the view of the fjord. Inside curator Sune Nordgren has hand-picked contemporary art which inspires, surprises and creates aesthetic experiences. The rooms have designer furniture from national and international quality producers selected by interior designer Wille Våge. The building was designed by Mellbye Arkitekter.

THE BEST LOCAL INGREDIENTS are served in the hotel's restaurants. And in the summer our guests may enjoy cold drinks with a view at the roof terrace.

AT THE THIEF we treat rock stars as guests and guests as rock stars. We swear by quality, concentrate on details and stretch ourselves to surprise you as a guest. This is how we create hotel experiences.

THE THIEF is a lifestyle hotel based on a fundamental philosophy of sustainability and local qualities.

THIEF SPA

Where the city meets the fjord, we steal you away from everyday life and into a world of water and wellness, rest and relaxation. The THIEF SPA has stolen the best ideas from spa cultures all over the world and brought them home. The rituals from Turkish Hamams, Moroccan Rhassouls and German Aufgusse are recreated with an intimate ambience inspired by the natural landscape of Norway - the shale and marshland, the sea and the special Nordic light. With four amazing product lines, we offer a rich and varied spa menu.
