RESTAURANTS

WELCOME TO OUR RESTAURANT HOUSE AT THE THIEF

THIEF FOODBAR is the heart and soul of the hotel. **THIEF FOODBAR** has a relaxed and slightly industrial feel with a warm, deep musical atmosphere. The menu is based on a global experience with a Scandinavian twist. Director of Food & Beverage Haakon Sand, Restaurant manager Oskar Kjellberg & Head Chef David Taylor wish you welcome to a place where music, food, beverage and laughter are all central ingredients. During the summer months we move **THIEF FOODBAR** up to the roof top terrace on the 9th floor. Here you can enjoy stunning views of the oslo fjord and the fortress while our chefs prepare your meal in our jasper grill.

THIEF BAR is located on the first floor. With an exciting cocktail menu and a generous selection of premium spirits, it is the perfect spot to either begin or end the evening. **THE THIEF BAR** is a vibrant meeting place , where the people of Oslo and hotel guests from all over the world can be found side-by-side. Our bartenders are men and women of discerning taste and use only the very best ingredients.

THIEF ROOF has the absolute best views of Oslo city - a panorama over the fjord forest-clad hills and the new skyline of Oslo. From the lounge area of THIEF ROOF we have the view of the iconic Holmenkollbakken - a majestic ski jumping hill. The bar menu offers a range of Champagnes, wines and summer cocktails. On the roof terrace, you will be surrounded by views of the dock and the fortress of Akershus, serving as a marvellous backdrop to the light dishes you will be presented with.

We welcome you to the Restaurant house at **THE THIEF**.

THE THIEF

A little island, a whole ocean of experiences. With Oslo's most spectacular location THE THIEF steals its guests away from everyday life.

Timeless elegance with clear references to contemporary art and design is the common denominator for **THIEF FURNISHING**. International and Norwegian designers such as Antonio Citterio, Bruno Rainaldi, Tom Dixon, Anne Haavind and StokkeAustad are behind the furniture and decor. The hotel's own art curator has hand-picked art for every single room and suite from the THIEF ART collection.

TJUVHOLMEN the city district which was once home to criminals and shady dealings is now a power centre for contemporary art and good city living at the water's edge.

INTERNATIONAL calibre restaurants, cosy eateries and high-quality galleries sit side by side in pedestrianised streets and squares. And the Astrup Fearnley Museum designed by Italian star architect Renzo Piano, is the hotel's nearest neighbour.

THE THIEF reflects its surroundings. From the balcony you can enjoy the view of the fjord. Inside curator Sune Nordgren has hand-picked contemporary art which inspires, surprises and creates aesthetic experiences. The rooms have designer furniture from national and international quality producers selected by interior designer Wille Våge. The building was designed by Mellbye Arkitekter.

THE BEST LOCAL INGREDIENTS are served in the hotel's restaurants. And in the summer our guests may enjoy cold drinks with a view at the roof terrace.

AT THE THIEF we treat rock stars as guests and guests as rock stars. We swear by quality, concentrate on details and stretch ourselves to surprise you as a guest. This is how we create hotel experiences.

THE THIEF is a lifestyle hotel based on a fundamental philosophy of sustainability and local qualities.

THIEF SPA

Where the city meets the fjord, we steal you away from everyday life and into a world of water and wellness, rest and relaxation. The THIEF SPA has stolen the best ideas from spa cultures all over the world and brought them home. The rituals from Turkish Hamams, Moroccan Rhassouls and German Aufgüsse are recreated with an intimate ambience inspired by the natural landscape of Norway - the shale and marshland, the sea and the special Nordic light. With four amazing product lines, we offer a rich and varied spa menu.
